Objective

To get a position as a Software Engineer. Or open to obtaining an internship position or research opportunity that will allow me to further develop my abilities in the field of computer science.

Education

Inha University in Tashkent

2018 - 2023

Major: CSE (Computer Science & Engineering)

CGPA: 3.77

Experience

I learned the most popular programming languages, like C++, Java, Kotlin, and the fundamentals of Phyton, etc. I built some projects that can be used in daily life. Alongside my studies, I also learned leadership skills during that time as the head of 4-7 students who worked with me. Also, I have strong habits that most successful people follow.

Hobbies

- To code at HackerRank
